

BSLW100: Business Law

The “bread and butter” of many law firms comes from organizing small business entities and advising them of their duties and rights. When is a partnership better than a corporation? What procedure is followed in setting up a corporation? What must be included in the articles of incorporation? How are corporate minutes drafted? These questions are important to most businesses in your community and your knowledge in this specialty will help you assist a lawyer in answering them for their clients.
