Course Schedules

Due to the flexible nature of Lakewood University's programs, coupled with rolling admission practices, student's program start and end dates will vary among themselves. Every academic program at Lakewood University has a specified start and end date recommended for program completion. Upon enrollment, students will receive an enrollment agreement that outlines the start and end date of their program. Veteran and Associate Degree students must select a start date from one of the approved term start dates provided by the University. Non-degree students must select a start date within thirty (30) days of completing their admissions application. The table below outlines the allotted program completion length for the degree and vocational programs offered at Lakewood University.
