

Law Enforcement Today: Lesson 4

Lesson 4 will identify the basic duties of the police, FBI, private security, and additional law enforcement agencies under the US Department of Homeland Security. Student will learn how the modern policing system was affected by patronage and intelligence-led policing as well as the results of the Wickersham Commission. They will be able to differentiate between the police academy and field training as recruit learning tools and the challenges facing women hoping to make a career in the law enforcement field.
