

# Paralegal/Legal Assistant Diploma Program – PARA

Law practice is one of the most noble and ancient professions in human history. This course introduces students to the subject of legal assisting and paralegal studies. For those interested in working with attorneys in a professional environment, this course provides a detailed overview of basic law principals and the growing reliance upon non-lawyers to provide efficient and ethical legal services to individuals, businesses, organizations and government agencies in today's global and technology driven world.

Learning in this course may further student's understanding of legal research, writing and analysis. Students can expect to learn about computer software prevalent in law offices and courthouses across the United States. Understanding legal protocol and having the ability to locate statutes and laws enables students to live and work more effectively in our complex and litigious society.

Type: Vocational

Program Length:

36 Weeks

## Program Outcomes

- Demonstrate basic legal research with an ability to locate many court cases, statutes and laws.
