

# INTRODUCTION TO WELLNESS

## WELL200 — Introduction to Wellness, 3.0 hours

### PROFESSOR

---

Rhonda McLean is the Associate Director of Health Services for Northeast Ohio Neighborhood Health Services, Inc. (NEON) where she has served in this capacity for four years. United healthcare recognized her efforts of achieving a four star rating with their Medicare Advantage plan members compliance of HEDIS measurement during the 2015 calendar year. Also, she focuses on improving the health of Diabetics in the community by stressing self-management techniques. She has led the efforts at NEON in designing a four prong approach to improve the quality of life of their diabetic patients. Rhonda holds a Bachelor's of Science in Mathematics from Baldwin Wallace College and a MBA in Health Care Administration from Cleveland State University. She currently serves in leadership and board positions for numerous other community focused organizations.

### EVALUATION METHOD

---

Graded work will receive a numeric score reflecting the quality of performance.  
Course Requirement Summary

- Assignments - Total of 60 Points
- Weekly discussion forums-Total of 80 Points
- Final Exam - 50 Points

### GRADING SCALE

---

Graded work will receive a numeric score reflecting the quality of performance as given above in evaluation methods. The maximum number of points a student may earn is 190. To determine the final grade, the student's earned points are divided by 190.

Your overall course grade will be determined according to the following scale:

A = (90% -100%)  
B = (80% - 89%)

C = (70% - 79%)

D = (60% - 69%)

F < (Below 60%)

## ACADEMIC INTEGRITY/ PLAGIARISM:

---

Cheating (dishonestly taking the knowledge of another person whether on a test or an assignment and presenting it as your work) and plagiarism (to take and pass off as one's own the ideas or writing of another) are a serious issue. While it is legitimate to talk to others about your assignments and incorporate suggestions, do not let others "write" your assignments in the name of peer review or "borrow" sections or whole assignments written by others. We do get ideas from life experiences and what we read but be careful that you interpret these ideas and make them your own.

I am aware that many types of assignments are available on the internet and will check these sources when there is legitimate suspicion.

Penalty is a zero on the assignment. In cases where there is a major or continuous breach of trust, further discipline, such as an "F" in the course, may be necessary.

The major consequence of any form of cheating is damage to your character and the result of trust and respect.

## DISABILITY ACCOMMODATIONS

---

Students who have a disability and wish to request an academic accommodation should contact Jim Gepperth, the Disabilities Services Coordinator and Academic Dean. The student can request an accommodation at any time although it is encouraged to do so early in the enrollment process. The student should complete an accommodation request form which begins a conversation between the school and the student regarding the nature of their disability and an accommodation that would help the student succeed in their program. The school may request documentation regarding the disability to address the accommodation request effectively. The school will communicate to the student the type of accommodation arranged. This process typically follows a team approach, bringing together persons from the academic department (including the instructor) and personnel from other departments as necessary. Additional information on disability accommodations may be found in the Lakewood University Catalog.
